

Engraved Labels

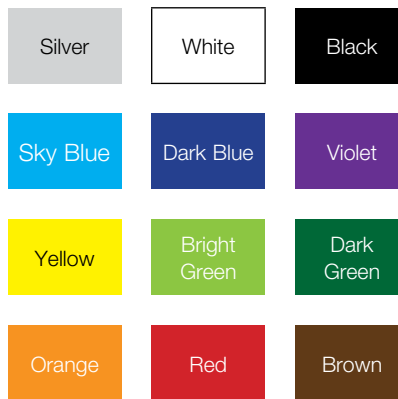

Engraved labels

Sharpmark engraved labels provide cost effective solutions for extremely durable and high quality labelling of professional installations.

We produce them in-house using state of the art laser engraving technology, so you can have them quickly at very competitive prices.

Suitable for a wide range of applications from labelling patch panels and outlet modules to warning signs on high voltage installations, Sharpmark engraved labels are made to your precise specifications. We have template information for most networking equipment on the market so ordering is simple.

- **High quality** – Traffolyte style labels produced using precision lasers by our experienced team
- **Cost-effective** – only £1.78 for a full length patch panel or 12p per outlet label
- **Fast lead time** – we aim to deliver within 1-2 working days and confirm the delivery date when you place your order
- **Easy ordering** – just email us with your numbering scheme, the type of equipment and colour choice then we'll do the rest. Or send us the size and text required.
- **Wide colour range** – 12 standard colours plus other colours and specialist materials available on request
- **Supplied in sheet form** – your labels arrive in order on a backing sheet to save you time and money on site. You simply peel them off and apply.
- **Durable adhesive** – high quality 3M permanent adhesive which has been proven in tests to stay put.

Please note - these colours can only be approximations as we have no control over your display device or media.

About Sharpmark Solutions

We are leaders in specialist labelling and identification systems and have been supplying the telecoms, electrical and construction industries for 13 years. We manufacture all of our products in the UK and offer a 1-2 day delivery service with same day delivery available for urgent orders.
